PARKS AND RECREATION ONTARIO

GARDENING

CHILDREN

- Do you know the difference between a garden plant and a weed? Learn to spot the difference by helping to weed the garden.
- Plant some seeds and watch them grow! *For caretakers: Beans, cucumbers, zinnias or sunflowers are great for kids to grow because they germinate and grow quickly. They can also be grown on a balcony or patio in a pot if you don't have a garden.*
- Help to water the plants inside and outside. Just a little bit every day!

YOUTH

- Help out with the yard work. Do some raking, weeding or even mowing the lawn if you're old enough!
- Learn how a garden works by planting your own! Grow your favourite vegetable like cucumbers and beans which work well in both the garden or in pots on a balcony or porch. If you like flowers grow Zinnias or Sunflowers for beautiful blooms you can cut and bring inside.
- Take a walk around your neighbourhood and take a photo or draw every flower you see. Go online to find out what kind of flower it is so you can learn how to spot different types of flowers in your neighbourhood.

ADULTS AND OLDER ADULTS

- Do you have plant knowledge? Share those tips to your children / grandchildren / caretakers / neighbours.
- Create or add to a balcony garden. Try planting something new this year!
- Create DIY Planters using recyclable materials. Share your innovations with us
- Find a community garden in your city or town and see how much food you can grow.

PHYSICAL EXERCISE

CHILDREN

- Show your family your moves! Put on a song and dance, dance, dance!
- Play hopscotch outside or a backyard game of tag with your family.
- Use things from your house to make an obstacle course and challenge your family to try it with you.
- Practice your balance with a game like Twister.
- Think of all the different ways you can move (sideways, skipping, jumping, backwards) and then try to only move that way for an hour or even the day!
- Try to spell the alphabet with your body.
- Pretend to be your favourite animals and have your family guess what you are.

YOUTH

- Come up with or learn a choreographed dance and teach it to your family.
- Try a new online exercise you haven't tried before like Yoga or Zumba. Maybe now is the time to pick up cycling or running.
- Create a physical activity circuit. Some activities to include: jumping jacks, squats, push ups, planks.

ADULTS AND OLDER ADULTS

- Play your favourite song and have a dance party while doing a regular chore.
- Find a new workout class on YouTube that you haven't tried before. Got to www.prontario.org/membership/jrpm for some helpful links and videos specifically for seniors.
- Go for a walk or run around your neighbourhood, taking a different route each day.

MENTAL EXERCISE

CHILDREN

- Read aloud to your parents – the recipe they're making, a book or a magazine.
- Choose an item with moving parts in your house and learn how it works.
- Try to learn a new word every day, and if you are old enough, how to spell it.
- Make your own puzzles with your family! Draw pictures and then cut them up to put them back together again.
- Try a word search, a memory matching game or some card games.
- Create a Scavenger Hunt for your family.

YOUTH

- Find a book in your house you normally wouldn't pick up and give it a read.
- Try the weekly newspaper crossword – it's fun to partner up with someone to achieve more answers.
- Write a short story.

ADULTS AND OLDER ADULTS

- Complete a word puzzle. You can buy a book of puzzles or print them for free online.
- Read a book from a genre you haven't read before.
- Do you have some reading or writing skills in another language? Work on improvements!
- Go bird watching in your backyard.

Self Care Tip

After these mental exercises unwind with an at-home Spa experience. Check out our website for some tips!
