

For most kids, summer is a time for freedom and fun, but for some children it can mean struggling with hunger. When school winds down for summer so do the breakfast and lunch programs that ensure those kids that live with food insecurity get the food they need.

The Inn of The Good Shepherd's child hunger reduction program, *After the Bell: Snack Packs*, provides kids experiencing food insecurity with packs of kid-friendly, kid-sized snacks & fresh fruit.

The packs will be handed out during Mobile Market. Please see the schedule provided inside this flyer for locations, dates and times.

Thank You

Lead Sponsor - Noelle's Gift

Major Sponsor - Food Banks Canada

The **Mobile Market** is a program of The Inn of the Good Shepherd

Fresh produce is available *every week* at no cost (while supplies last).

Many thanks to the farmers, greenhouses and gardeners who support this program with donations of produce!

We are most grateful to

Our lead sponsor for this year's Mobile Market!

MOBILE MARKET 2021

Local produce ...Local access

COVID Precautions

Mobile Market is all about **Healthy Eating and Healthy Lifestyles.**

This is even more important this market season as we take precautions during this COVID Pandemic to deliver the market in a safe manner!
This year, we ask that you follow the following steps to ensure we all stay healthy!

Please do **not** come to market if you are not feeling well.

- Please wash or sanitize hands before coming to the market
- If your last name begins with the letter **A-J** please come in the first half hour of the market, if your last name begins with **K-Z** please come in the last half hour of the market
- Chalk lines or pylons will mark 6 ft. social distancing spacing
- Please practice social distancing between yourself and other market participants, volunteers and staff
- Please do not handle the produce – you may select items you would like from the table and staff/volunteers will be happy to bag them for you!
