

FOR IMMEDIATE RELEASE: July 7, 2021

The Inn of the Good Shepherd is excited to announce the return of the Mobile Market July 5, 2021!

The Mobile Market is a program offered through The Inn of the Good Shepherd which services communities across Sarnia and Lambton County with fresh local produce as well as distributing children's Snack Packs!

We reach 14 different neighborhoods and communities each week throughout Sarnia Lambton. Last year we served almost 1,000 people every week with fresh and healthy vegetables, we expect to surpass that number this year! It is only through the generosity of our farm/greenhouse donors and home gardeners that we can continue to serve our clients with a strong focus on health!

With the help of our lead sponsor Pembina Pipelines and supporting sponsor The Cestar Group, we anticipate being able to distribute 5,000 to 6,000 pounds of fresh food every week!

We are thrilled that with the help of the many community health organizations in town, they provide support to our clients in areas like: mental and dental health, stop smoking campaigns and so much more! With their visits at The Mobile Market they promote and support a healthy lifestyle!

With the COVID pandemic there is an even greater need than before to reach our clients within our community. The Mobile Market operates Monday – Friday til October throughout Sarnia, Lambton.
