## **54.4 APPLICATION OF ZONES**

No Person shall, within any of the Zones defined in the By-law and delineated on the Zoning Maps hereto appended, Erect or use any Building or Structure, or use any land in whole or part except in such manner and for such purposes as are set forth in this By-law.

## **54.5 INCORPORATION OF ZONING MAP**

The location and boundaries of the Zones established by this By-law are shown on the Zoning Maps hereto appended as Schedules A, and Parts 1, 2, 3, and 4 to Schedule A which are hereby incorporated in and declared to form part of this By-law.

## **54.6 INTERPRETATION OF ZONING MAP**

Where uncertainty exists with respect to the boundaries of the various Zones as shown on the Zoning Maps, the following provisions shall apply:

### **a) Street, Lane, Right-Of-Way, or Watercourse**

Unless otherwise shown, a Street, Lane, railway Right-Of-Way, electrical transmission line Right-Of-Way, creek or watercourse shall be included within the Zone of the adjoining property on either side thereof and where such Street, Lane, Right-Of-Way, creek or water course serves as a boundary between two or more different Zones, the centre line of such Street, Lane, Right-Of-Way, creek or watercourse extending in the general direction of the long dimension thereof, shall be deemed to be the boundary between Zones.

### **b) Lot Lines**

Where any Zone boundary is not shown to be a Street, Lane, Right-Of-Way, creek or watercourse, and where the boundary approximately follows Lot Lines, such Lot Lines shall be deemed to be the Zone boundary.

**c) Closed Street, Lane or Right-Of-Way**

In the event a Street, Lane or Right-Of-Way and the limits of any portion thereof is closed, the property formerly within such Street, Lane or Right-Of-Way shall be included within the Zone adjoining the property, and where such Street, Lane, or Right-Of-Way was a Zone boundary, the new Zone boundary shall be the former centre line of the closed Street, Lane or Right-Of-Way.

**d) Conservation Authority Fill & Construction Lines**

Certain lands within the Municipality are subject to Fill, Construction and Alteration Regulations pursuant to the *Conservation Authorities Act*, R.S.O. 1990, Chap. C.27, as amended. The limits of these Conservation Authority Regulated areas are shown for informational purposes on the Schedules to this By-law. Where any Zone boundary is shown as following the limits of a Conservation Authority Regulated area, the Zone boundary shall be deemed to correspond with the limits of such Regulated area. In the event that an application is made to, and approved by, the Conservation Authority for a permit pursuant to the Fill, Construction and Alteration Regulations, the lands for which such permit is issued shall be deemed to be included within the same Zone as the adjoining non-Regulated lands.

**e) Scale From Zoning Map**

Where any Zone boundary is left uncertain after application of the provisions of Section 5.6, subsections a), b) c) and d), of this By-law, then the boundary shall be determined by scale from the zoning maps to the centre of the Zone boundary line.

**54.7 ZONE REGULATION ~~TABLE A~~**
